ABOUT US

The Syracuse Hancock International Airport is THE airport for the Central New York Region and beyond.

With non-stop service to 24 cities across the country, SYR is the gateway connecting people together as passengers come to seek adventures, reunite with family, travel for business, and open new doors for their future.

TALKING
NUMBERS

Two hours or more! That's how much time air travelers are advised to arrive at the airport before a scheduled flight. Studies show that air travelers spend significant time viewing airport advertising in an airport while waiting for flights, bags, transportation – more attention than is typically given to other advertising media.

Our primary customers are educated and working professionals with disposable income. SYR has over 2.6 million passengers annually and serves 24 non-stop destinations with service to many major city hubs.

The Syracuse Hancock International Airport serves not only the Central New York Region, but across New York State and beyond. There were over 2.6 million passengers traveling through Syracuse Hancock International Airport in 2019, which is 12% increase from 2018 passenger traffic.

In 2018 we expanded our total number of non-stop destinations from 17 to 24 and continue to work towards growing our destinations and carrier service in 2020 and beyond.

ADVERTISE WHY

CAPTURING PASSENGER'S ATTENTION TO TAKING ACTION

74% of passengers arrive at the airport **more than an hour** before boarding. Passengers and the public have a higher “linger” time in airports due to the nature of travel in comparison to other traditional media display areas.

Advertising in SYR connects your organization with local, national and global passengers and creates significant brand awareness and sales reaching highly coveted audiences such as frequent fliers and key business decision makers.

Frequent flyers have been shown to be highly responsive to airport advertising with 80% noticing airport advertising to 42% taking action by visiting a website, going to a store, and/or learning more about a product/brand/service as a result of airport advertising
