The Syracuse Hancock International Airport (SYR) is THE airport for the Central New York Region and beyond.

With nonstop service to 24 cities across the country, SYR is the gateway that connects people as passengers come to seek adventures, reunite with family, travel for business, and open new doors for their future.
SYR HOSTS AIR SERVICE FROM THE FOLLOWING AIRLINES

- Frontier Airlines
- Allegiant Air
- JetBlue Airways
- American Airlines
- Delta Air Lines
- United Airlines
Two hours or more! That’s how much time air travelers are advised to arrive at the airport before a scheduled flight. Studies show that air travelers spend significant time viewing airport advertising in an airport while waiting for flights, bags, transportation – more attention than is typically given to other advertising media.

Our primary customers are educated and working professionals with disposable income. SYR has over 2.6 million passengers annually and serves 24 nonstop destinations with service to many major city hubs.

SYR serves not only the Central New York region, but much of Upstate New York and beyond. Over 2.6 million passengers traveled through SYR in 2019 - a 12% increase over 2018 passenger traffic levels.

In 2018 we expanded our total number of nonstop destinations from 17 to 24 and continue to work towards growing our destinations and carrier service in 2021 and beyond.
CAPTURING PASSENGER’S ATTENTION TO TAKING ACTION

74% of passengers arrive at the airport more than an hour before boarding. Passengers and the public have a higher “linger” time in airports due to the nature of travel in comparison to other traditional media display areas.

Advertising in SYR connects your organization with local, national and global passengers and creates significant brand awareness and sales reaching highly coveted audiences such as frequent fliers and key business decision makers.

Frequent flyers have been shown to be highly responsive to airport advertising with 80% noticing airport advertising to 42% taking action by visiting a website, going to a store, and/or learning more about a product/brand/service as a result of airport advertising.

Recent Nielson, Arbitron & Scarborough studies show
74% of frequent flyers arrive at the airport **61+ minutes** before boarding.
